

**Institution:**

**RESULTS OF PROFESSIONAL EXAMINATIONS**

*Applicable to all sectors – Reported for April 1, 2018- March 31, 2019*

The collection of results data for professional examinations should include first-time test takers (except the teacher education exams at four-year institutions, which include all test takers) for those students who completed an examination during the period of **April 1, 2018 through March 31, 2019**. The following tables display the exams that each sector has reported in the past. Please use this list as a guide for the exams you report this year on the table provided. **Please be aware that your institution may have students taking certification exams that have not been reported in the past.** This would be the case if students were just beginning to complete a new program. In such cases, please report the scores and indicate that the exam is new to the table.

Praxis exams are reported separately in the following table.

**Please note that Praxis results are reported on all test-takers.** Other exams are reported on first-time test-takers.
